

## CITATION

*Dr. Maurice Colpron*

### *2016 Provincial and Territorial Geologists Medal*

Dr. Maurice Colpron has had a unique career as a provincial and territorial geoscientist, having worked for 4 provincial/territorial survey organizations (Quebec, British Columbia, NWT, and Yukon). He is currently the head of Bedrock Geology in the Yukon Survey. Maurice has fostered research collaboration with federal and provincial surveys as well as universities. He has published key research on Cordilleran geology, which has resulted in significant international interest and collaborations. Maurice is an Adjunct Professor at Simon Fraser University, and is a past Adjunct Professor at Carleton University. He has supervised 7 graduate students in this role. Maurice has authored or co-authored over 50 peer-reviewed papers, 2 books, 25+ maps and reports, and numerous posters and presentations.
